PROFESSIONAL EXPERIENCE

FULL STACK WEBSITE DEVELOPER | Independent Contract Projects

Remote | 2023 to Present

- Develop responsive, production-ready websites using React, TypeScript and Node.js for clients in real estate, professional services and the nonprofit sector.
- Manage end-to-end website delivery, including requirements gathering, interface implementation, deployment, domain configuration, DNS and professional email setup.
- Apply responsive design, accessibility, performance optimisation and SEO best practices to improve website usability and business visibility.

UI/UX DESIGNER | Bourdillon Omijeh Foundation

Port Harcourt, Nigeria | June 2025 to Present

- Designed and launched a responsive website that increased visitor engagement by 55% within three months.
- Conducted usability testing with over 20 users, contributing to a 35% reduction in bounce rate.
- Applied accessibility and SEO best practices, improving the accessibility score from 68 to 92 and increasing organic traffic by 40%.

WORDPRESS DEVELOPER | Bellostylez

Remote, Canada | 2024 to 2025

- Developed and deployed a responsive fashion blog using WordPress, Divi and custom styling, reaching over 1,500 monthly visitors within the first quarter.
- Reduced page load time by 2.5 seconds through performance optimisation, improving Core Web Vitals and the mobile user experience.
- Implemented on-page SEO and content optimisation strategies, increasing Google search impressions by 60%.

WORDPRESS DEVELOPER | YouthUp Global Pathways

Remote, Nigeria | 2024 to 2025

- Built a multilingual WordPress website serving users across five countries and supporting over 3,000 monthly active users.
- Integrated registration and community engagement tools, contributing to a 75% increase in user sign-ups.
- Improved website speed by 40% through caching, image optimisation and performance improvements.

INTERNSHIP EXPERIENCE

UI/UX DESIGN INTERN | Digital Nexus AI

Remote, India | January 2025 to June 2025

- Designed user interfaces for AI-powered tools, simplifying complex features and workflows for end users.
- Participated in usability testing and design reviews to improve accessibility, consistency and overall user experience.

UI/UX DESIGN INTERN | Hyperbird Digital Technologies

Remote, Nigeria | January 2025 to June 2025

- Supported the design of responsive web and mobile interfaces across projects in different industries.
- Created wireframes and interactive prototypes that translated business requirements into clear user flows.

SELECTED PROJECTS

DR. ALEXANDER OBUROH PROFESSIONAL WEBSITE | *React, TypeScript, Node.js*

- Developed a responsive professional website and configured custom business email and DNS records to support a reliable digital presence.

WIZOR PROGRESS REAL ESTATE WEBSITE | *React, TypeScript, Node.js*

- Built a responsive, conversion-focused website for a real estate manager, with clear service presentation and lead generation pathways.

WACONTACTS WHATSAPP DIRECTORY | *Figma, Framer*

- Designed user flows, wireframes and high-fidelity interfaces for a WhatsApp business directory that simplifies contact discovery and business listings.

ADSFIRR META ADS PLATFORM | *Figma, Framer*

- Designed an advertising management interface that simplifies campaign creation, ad management and performance monitoring.
